Epoch™ SERIES

Check Out Our Standard Features.

As you can see in the adjoining panel, **AMS** vendors come with many standard features including our useful escutcheon with a point-of-sales area for highlighting your company or product, and a lighted easy-to-read keypad.

Options

There's a great variety of **AMS** options. On behalf of your customer you can choose special dispensing kits, optional sizes, dual helixes, small trays, large trays, bin pads, vandal-resistant panels, **EnergySensit®** LED lighting, and more. Call us for details.

The **EnergyStar®** package, including LED lights and a modular refrigeration system is an option on AMS low-temperature merchandisers.

Our **Epoch** series includes the **AD-One** line; an ADA-compliant group of vendors with special configuration to meet the latest requirements of the federal government.

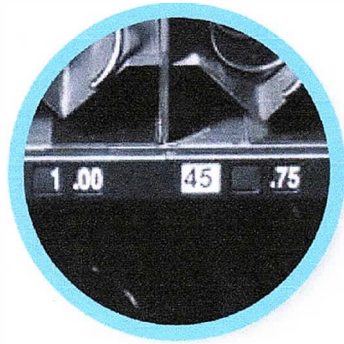

AD-One vendors are available in all models with the exception of our SlimGem, WideGem, and Outsider. The **AD-One** line, shown above in a six tray configuration, has the same great **Epoch** look and features, including our attractive and easy-to-read keypad. The **AD-One** line is also available in a variety of optional graphics and colors.

- The patented **Sensit® Guaranteed Delivery System** avoids hang-ups. Product dispensed or money refunded.
- **Home Positioning** means after the helix has rotated enough to ensure dispensing, it returns to its original position ready to dispense again.
- **Home re-set** returns helixes to original position if extra rotations were needed for the previous delivery.
- **Motor coupling** enables the vending of products in larger widths. It also means products can face straight-on, in full view of your customer.
- **Expanded motor linking** allows sequential vending of non-adjacent products.
- **Enhanced ValuVend** enables selected items to be discounted when vended together.

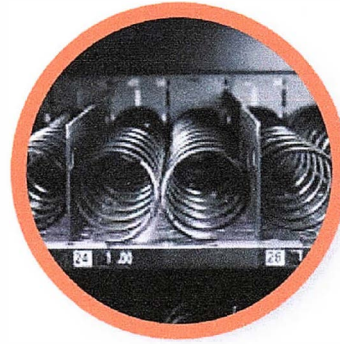

Consider these **AMS** options to increase variety and to make your vendor even more profitable.

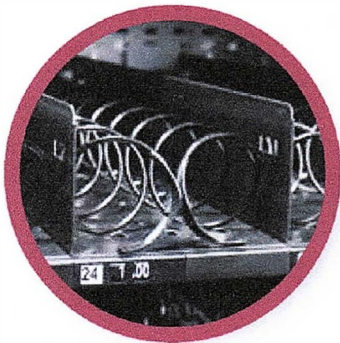

Scrolling Prices

Prices range from .05-20.95 in nickel increments. Solid encasement keeps them in place.

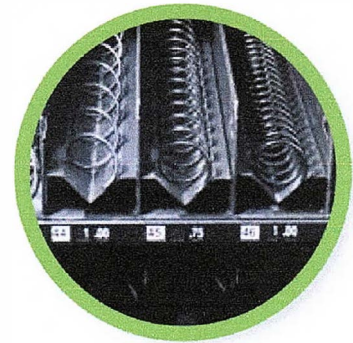

Dual Helices

AMS dual helices are motor coupled. Providing maximum flexibility. Wide choice of helix counts.

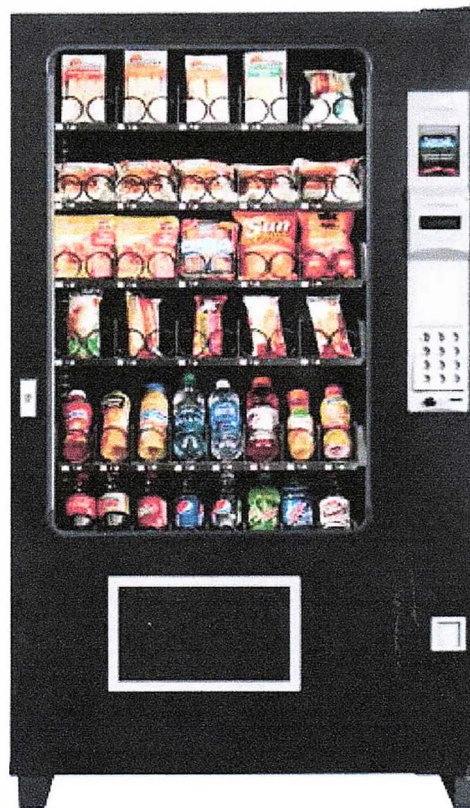

Thin Tray

Requires less height than a regular candy tray. Allows greater flexibility with tray configurations. Motor coupling allows use as a candy or snack tray.

Mini Dispenser

Allows smaller items to be vended from any shelf. Takes the place of a candy selection. Great for new small energy product containers. Easy to install and remove.

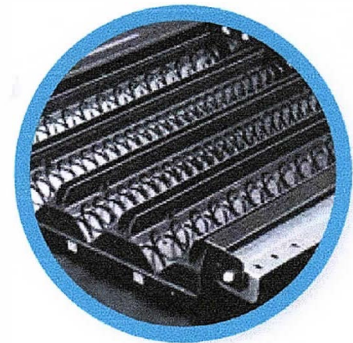

For pricing information, call your Regional Sales Manager or contact our offices at 304 725-6921. (See reverse side for more great options)

Cup Rail Kit

Raises the product in the column to allow for a better vend. Merchandises many items better.

Gum and Mint Module

Helix Design with removable spacers. Allows flexibility to vend many different package sizes.

More Great Options For Your **AMS Vendor**...

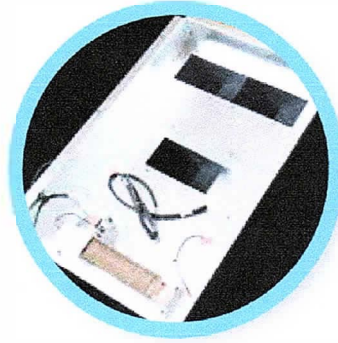

AMS Vendors

Most of these options apply to our full line of AMS vendors — each one featuring our patented Guaranteed Delivery System. With our great choice of vendors and options, we can provide you with just the right combination.

Vandal Panel

Provides added security to the locking handle side of the vendor.

Heater Kit for The Outsider

Allows the Vendor to hold a temperature of 38 degrees when ambient drops as low as zero. AMS highly recommends factory installation.

Energy Savings

Your AMS representative can offer you various energy-saving choices.

Super Capacity Can Dispenser

Takes a bottle tray from 48 (12 oz cans) to 120 Capacity.
Takes up the space of a bottle tray.
Offers 5 selections across (24 cans per selection).

LED Lighting

Offered in dual and single.
Projected life span is 5-7 years.
Programmable brightness.
Automatic dim feature when door is opened.

For pricing information, call your Regional Sales Manager or contact our offices at 304 725-6921.

Automated Merchandising Systems Incorporated

AMS was founded in 1997. Our purpose is to bring to the vending industry, a reliable and rugged vendor offering guaranteed product delivery. Today, as you can see in this brochure, we offer several lines of merchandisers. The Sensit[®] delivery system has since been awarded over ten U.S. Patents, and the registered Sensit[®] trade mark is your assurance of consistent quality.

We have always insisted on quality at a reasonable price along with innovative advantages for our customers. All of us at AMS

work toward that end. AMS is proud to be a privately-owned business. Our employees are all known personally by management. Our plant in Kearneysville, West Virginia is a friendly place where management and employees even get together several times a year for an informal luncheon. It's a place where employee opinions are welcome and where employee awareness includes your requirement of quality products.

Helix sizes for 35" and 39" vendors

CANDY	
Helix Size	Approx Opening
5 Pitch*	4 ³ / ₁₆ "
7 Pitch*	3 ¹ / ₁₆ "
8 Pitch	2 ¹¹ / ₁₆ "
9 Pitch*	2 ¹ / ₄ "
10 Pitch*	2 ³ / ₁₆ "
12 Pitch*	1 ¹³ / ₁₆ "
15 Pitch*	1 ⁷ / ₁₆ "
18 Pitch	1 ¹ / ₂ "
24 Pitch	⁷ / ₈ "
32 Pitch	¹¹ / ₁₆ "

SNACK	
Helix Size	Approx Opening
5 Pitch	3 ⁵ / ₈ "
7 Pitch	2 ³ / ₄ "
9 Pitch	2 ¹ / ₄ "
10 Pitch	2"
12 Pitch	1 ¹¹ / ₁₆ "
15 Pitch	1 ¹ / ₁₆ "

BOTTLE	
Helix Size	Approx Opening
6 Pitch	3 ¹ / ₂ "

CAN	
Helix Size	Approx Opening
6 Pitch	3 ¹ / ₈ "

Warranties included with all AMS vendors are three years for electronic board, sensor boards, and refrigeration system. All other parts are warranted for one year with the exception of florescent bulbs, glass, and paint finish.

* Available with dual helixes for motor-coupling.

SlimGem

PLEASE NOTE: Because the AMS SlimGem is not as deep as our full-sized vendors, helix sizes for the SlimGem will result in openings which are different in size from those in our full-sized vendors.

CANDY	
Helix Size	Approx Opening
3 Pitch*	4 ³ / ₁₆ "
5 Pitch	2 ⁵ / ₈ "
6 Pitch*	2 ¹ / ₄ "
7 Pitch*	2 ³ / ₁₆ "
8 Pitch*	1 ¹³ / ₁₆ "
10 Pitch*	1 ⁷ / ₁₆ "
12 Pitch	1 ¹ / ₄ "
16 Pitch	⁷ / ₈ "

SNACK	
Helix Size	Approx Opening
3 Pitch	4 ¹ / ₄ "
5 Pitch	2 ³ / ₄ "
6 Pitch	2 ¹ / ₄ "
7 Pitch	2"
9 Pitch	1 ³ / ₄ "
11 Pitch	1 ³ / ₈ "

* Available with dual helixes for motor-coupling.
